I don't get sick anymore

By Deborah Larson on October 21, 2016

I've had problems for YEARS getting sick with sinus and upper respiratory infections. It started with a cold and always built into something more. With the MANY benefits of cayenne, I'm feeling much better. My nose isn't constantly plugged anymore. I have limited post nasal drip, and I can sleep all night and breathe through my nose. This has definitely been a life saver for a long time

It Only Mildly Ignites Your StomachBy [Ap student](#) on November 26, 2015Package Quantity: 1 **Verified Purchase**

As other reviewers have noted, it most certainly ignites your stomach. I have always taken a capsule on a full stomach and 20-30 mins later you start to feel it. However its not overly painful or anything. I am relatively sensitive to spicy food but can easily handle these. As far as the benefits are concerned I am not sure I have seen any tangible results but that is a common thing with all of these supplements.

The capsaicin helps with my arthritis

By [Conic Ellipse](#) on October 21, 2015

Package Quantity: 1 **Verified Purchase**

I discovered that when I ate a small amount of hot sauce each day, that my arthritis pain went away. I don't always eat foods that I would put hot sauce on, though. When that happens, I take one of these instead to get my capsaicin. I don't get heartburn from them when I stay upright for a while after taking it. The capsule are easy to swallow. I plan to order more when I need it.

I'm sensitive to spicy foods but I love the taste of them so thought maybe these would help me adjust better but actually didn't do anything at all after a month of use.
